

PRIDE IN YOUR PARISH – QUESTIONNAIRE

THINK GLOBALLY ACT LOCALLY = PEOPLE POWER

In 2004/5 the Parish Council had a survey of the residents, organisations and businesses. The feedback received formulated and actioned the Hyde Parish Plan and the Village Design Statement. Our biggest success was to have the speed limit on the village lanes reduced from the national speed limit of 60mph down to 30mph. We are undertaking another survey which could be described as a 'light touch' which will assist the Parish Council, the residents and businesses to develop further the concept of 'PRIDE in your PARISH'. We are an active Parish and this questionnaire asks you to review and consider, as a community, what we could improve or add.

Please rate your answers from 1 to 5 1 = lower priority 5 = top priority
