

Dear Nigel,

This matter, including your previous email response, was discussed by the members of Hyde Parish Council at their meeting on 8th August 2018 and they have asked me to forward the following concern in relation to this Consultation (prior to today's deadline for comments):

*The members agreed that all parishioners should be confident that they will be asked fair questions and that their opinion will be valued. Parishioners should not be 'nudged' into answers that have already been decided.*

Please note that I covered the meeting during the annual leave of the Clerk, Martine Coatham, and that any future correspondence in relation to this matter should now be forwarded to the usual Clerk.

Kind regards  
Vicky
